The project concept proposal by the bidders in the form of a power point presentation as part of the technical proposal shall be evaluated and given scores (max. 100 marks) by the Technical Evaluation Committee as follows.

Evaluation Criteria			
SL No	Details	Basis of Marks to be allotted	Maximum Marks
a.	Documents	All documents mentioned in RFP	10
b	Work Experience in Similar Project	20 Marks for four Similar projects 05 Marks for each related sector (maximum 10 Marks)	30
c.	Average turnover over last 3 financials yrs.(2022-23 to 2024-25)	05 marks for 50 lakh -1.00 Crore	20
d.	Technical Presentation	Floor Plan 10 Marks Designs 10 Marks Methodology and Approach 20 Marks	40
		TOTAL	100

Under QCBS selection, the technical proposals will be allotted weightage of 70% (Seventy per cent) while the financial proposals will be allotted weightages of 30% (Thirty per cent) . The financial bids of technically qualified bidders will only be opened & the selection process will proceed even if only two firms remain technically qualified out of three initial bidders due to paucity of time. Proposal with the lowest cost may be given a financial score of 100 (Hundred) and other proposals given financial scores that are inversely proportional to their prices w.r.t. the lowest offer. Similarly,proposal with the highest technical marks (as allotted by the evaluation committee) shall be given a score of 100 (Hundred) and

other proposals be given technical score that are proportional to their marks w.r.t. the highest technical marks. The total score, both technical and financial, shall be obtained by weighing the quality and cost scores and adding them up. On the basis of the combined weighted score for quality and cost, the consultant shall be ranked in terms of the total score obtained. The proposal obtaining the highest total combined score in evaluation of quality and cost will be ranked as H-1 followed by the proposals securing lesser marks as H-2,H-3 etc. The proposal securing the highest combined marks and ranked H-1 will be invited for negotiations, if required and shall be recommended for award of contract. In the event two or more bids have the same score in final ranking, the bid with highest technical score will be H-1.

In such a case, an Evaluated Bid Score (B) will be calculated for each responsive Bid using the following formula, which permits a comprehensive assessment of the Bid price and the technical merits of each Bid:

$$B = \frac{C_{low}}{C} + \frac{T}{T_{high}}$$

where,

C = Evaluated Bid Price

C low = The lowest of all Evaluated Bid Prices among responsive Bids

T = The total Technical Score awarded to the Bid

T_{high} = The Technical Score achieved by the Bid that was scored best among all responsive Bids

The Bid with the best evaluated Bid Score (B) among responsive Bids shall be the Most Advantageous Bid.

As an example, the following procedure will be followed. In a particular case of selection of consultant, it is decided to have minimum qualifying marks for technical qualifications as 70 (Seventy) and the weightage of the technical bids and financial bids will kept as 70: 30 (Seventy: Thirty).

In response to the RFP, three proposals, A, B & C were received. The technical evaluation committee awarded the following marks as under:

A: 75 Marks

B: 80 Marks

C: 90 Marks

The minimum qualifying marks were 70 (Seventy) thus, all the three proposals were found technically suitable. Using the formula T/T_{high}, the following technical points are awarded by the evaluation committee.

A: 75/90 = 83 points

B: 80/90 = 89 points

C: 90/90 = 100 points

The financial proposals of each qualified consultant were opened after notifying the date and time of bid opening to the successful participants. The price evaluation committee examined the financial proposals and evaluated the quoted prices as under:

A: Rs.120.

B: Rs.100.

C: Rs.110.

Using the formula C_{low}/C, the committee gave them the following points for financial proposals:

A: 100/120 = 83 points

B: 100/100 = 100 points

C: 100/110 = 91 points

In the combined evaluation, thereafter, the evaluation committee calculated the combined technical and financial score as under:

Proposal A: $83 \times 0.70 + 83 \times 0.30 = 83$ points.

Proposal B: $100 \times 0.70 + 89 \times 0.30 = 92.3$ points

Proposal C: $91 \times 0.70 + 100 \times 0.30 = 97.3$ points.

The three proposals in the combined technical and financial evaluation were ranked as under:

Proposal A: 83 points: H-3

Proposal B: 92.3 points: H-2

Proposal C: 97.3 points: H-1

Proposal C at the evaluated cost of Rs.110 (Rupees One hundred and ten) was, therefore, declared as winner and recommended for negotiations/approval, to the competent authority.
